

I bought my first tonne of volcanic rock dust several years ago as an interested but somewhat sceptical amateur gardener and set up my own trials. I planted rows of **BEETROOT, CARROTS** and **ONIONS** and applied it to half of each row. Results persuaded me to buy a tonne of **REMIN volcanic rock dust** in 2014. Since then I have never looked back and now consider myself a 100% REMIN convert. REMIN does not need applied every year and right now I am getting 2 tonnes, purchased March 2019, onto my crops. **If your soil and compost is not performing as well as you would like, then I strongly recommend you give REMIN a go.**

WHERE I APPLY: I use REMIN in all areas of the **GARDEN**, including the **ORCHARD** and on my **COMPOST HEAP**.

HOW I APPLY:

- Every time I sow or plant a new crop, I sprinkle a good handful of REMIN per square yard after sowing / planting.
- I also add a handful of REMIN to the base of each **BRASSICA** after planting out.
- In the **ORCHARD** I apply 2-3 handfuls of REMIN per **TREE** each season.

DIFFERENCES TO MY SOIL: My soil condition has improved significantly since I started using REMIN. It's much more friable, and I am now working towards 'NO DIG'.

CROPS WHERE I HAVE APPLIED REMIN: I have grown **ALL MANNER OF VEGETABLES, SOFT** and **HARD FRUIT** using REMIN - please see my photos: <http://www.reminscotland.com/latest-news/remin-reality/> on REMIN website. I am starting to include REMIN with my **FLOWERS**.

DIFFERENCES TO MY CROPS: I have seen my **FRUIT and VEGETABLES** become **larger, stronger,** and **more resistant to pests**. **BRASSICAS** really seem to **benefit**, and in particular **ROOT VEGETABLES**, such as **BEETROOT** and **CARROT** have **significantly increased in size**. **STRAWBERRIES** are one of my favourite soft fruits, and have **improved in size, colour and flavour** since the addition of REMIN. The **flavour** of other such soft fruits, such as my **FIGS, GRAPES and MELONS** has also **improved immeasurably**.

YIELDS OF ALL MY CROPS HAVE ALSO IMPROVED FROM USING REMIN...
